

To FCC,I am an XM radio subscriber and will continue to subscribe to this service. I am appalled that the National Association of Broadcasters want to curtail my rights to listen to what I want on my radio. Satellite radio provides programming that I cannot find anywhere else and it is because of their uniqueness and innovation in radio broadcasting that I will continue to support satellite radio.

I most respectfully and strongly urge the FCC to reject the NAB's petition 04-160 and uphold my rights and satellite radio's rights to provide programming that I want, demand and deserve. Please uphold our rights of free expression and allow us to choose for ourselves our radio choices.

Thank you.
